

# Minibox

by Overkiz

**Get started with IoT  
with the best entry-level  
home automation box**

The Overkiz Minibox is the best-in-class tiny controller to quickly deploy your first smart home solution. Focused on single-protocol connectivity, you can connect a large ecosystem of devices in both new and renovation projects.

An inexpensive and simple solution, Overkiz's Minibox combines smart automation and powerful features.

## DESIGNED FOR MANUFACTURERS

- Ready-to-install and ready-to-use by your customers
- Pushbutton pairing and configuration
- Online and offline mode
- 100% Over-The-Air management and free software upgrades
- Secure communication with the Overkiz cloud

- ✓ **Plug & Play**
- ✓ **Single-Protocol**
- ✓ **Smart Scenarios**
- ✓ **Customizable**
- ✓ **Fast Deployment**

## PROTOCOLS SUPPORTED

The Minibox supports 1 native wireless protocol at a time.
